OUP – CQA Form 2: GAP Analysis Tool

COLLEGE: COLLEGE OF COMPUTER STUDIES AND TECHNOLOGY

PROGRAM: BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

Area	Previous Recommendations	Actual Status	Gap	Proposed Strategy to close the gap	Offices Involved
AREA VI	1. There is an established partnership with the beneficiary community for the extension service of the college. With this, a regular needs assessment should be done to further develop the program for the beneficiaries. Also, an impact assessment should be made after every program Implementation	COMPLIED - MOAs with DSWD, Franklin Baker, and C.M. Azcarate are available, together with narrative reports and post-evaluation documents. Needs and impact assessments are included in the continuing implementation of the program.	The BSIT Program has established partnerships and documentation. The remaining area is the consistent conduct and documentation of needs and impact assessments for every extension activity.	Conduct and document needs assessment before implementation and impact assessment after each BSIT extension activity. Use the results to improve succeeding activities.	BSIT Program/Faculty; Extension Coordinator; Community Partners

	to ensure sustainability. Aside from these it is recommended that the college specifically the CS department to continuously monitor the progress (document) of the program given.				
	2. The community extension/outreach programs development plan should include performance indicators to measure success. The development plan could be enhanced to ensure continuous and	COMPLIED - The development plan includes community extension activities, yearly objectives, partnerships, volunteer training, sustainability, and evaluation.	The BSIT Program needs to consistently monitor and document actual accomplishments against the planned extension objectives and targets.	Monitor BSIT extension activities based on the planned objectives and document accomplishments and results for use in succeeding extension activities.	BSIT Program/Faculty; Extension Coordinator; Community Partners

	sustainable community outreach projects. Performance Indicator could be included to have a more objective measure of what targets have been met.				
	3. Follow up training can be given to fortify the previous skill sets acquired by the members of the community. Training may also be reinforced with an assessment tool (this could be in the form of an exam or exercise) to know the level	COMPLIED - FDSAP and PSITE are established linkages related to the extension activities.	The BSIT Program should sustain the follow-up and assessment of skills gained by community participants in applicable training activities.	Continue utilizing FDSAP and PSITE linkages and document follow-up activities and appropriate participant assessments when applicable.	BSIT Program/Faculty; Extension Coordinator; FDSAP; PSITE; Community Beneficiaries; Alumni

	of competency of the participants.				
	4. All CES programs should be research-based.	COMPLIED - A BSIT capstone project, with project proposal, abstract, and identified beneficiaries, is used for Community Extension Services.	The BSIT Program needs to further document the implementation and results of capstone-based extension activities for the identified beneficiaries.	Continue documenting the implementation, beneficiaries, and results of BSIT capstone projects used in Community Extension Services and use the results in improving succeeding activities.	BSIT Program/Faculty; BSIT Students; Extension Coordinator; Community Beneficiaries
	5. Possibly tie-up with TESDA for vocational and technical training and certifications for the community.	COMPLIED - The BSIT Program established a partnership with the Big Five Training and Assessment Center through the submission of a project proposal, Memorandum of Understanding (MOU), and acceptance letter. The partnership supports the enhancement of laboratory facilities and instructional resources and provides an	The partnership has been established and the required documents are available. The continuing area for improvement is to sustain and maximize the partnership by developing appropriate training and extension activities that can benefit the community.	Sustain the partnership with Big Five Training and Assessment Center and explore appropriate vocational, technical, and skills-development activities that may be integrated into future Community Extension Services. Continue documenting the activities, participation, and outcomes of the partnership.	BSIT Program and Faculty; Extension Coordinator; Big Five Training and Assessment Center; Community Beneficiaries.

		opportunity to strengthen the program's connection with technical and training-related activities.			
	6. NSTP programs should also tie up with CES projects.	COMPLIED - The BSIT NSTP students proposed a sustainable project to support the purchase of a whiteboard and television for use in community extension activities. This demonstrates the integration of NSTP with Community Extension Services and the students' contribution toward providing sustainable resources for future extension activities.	The sustainable NSTP project has been proposed, but its continued implementation and documentation should be sustained to demonstrate its long-term contribution to Community Extension Services.	Continue the implementation and documentation of the NSTP sustainable project, including the acquisition and utilization of the whiteboard and television. Monitor how these resources are used in succeeding community extension activities and document their contribution to the continuity and sustainability of the program.	BSIT Program and Faculty; NSTP Program; BSIT NSTP Students; Extension Coordinator; Community Beneficiaries.
	7. Increase the budget for extension services for program	COMPLIED - An annual budget for extension services is allocated and managed through the appropriate budget	The BSIT Program needs to ensure the continued alignment of available resources with planned	Coordinate BSIT extension planning with the available annual budget to support the	BSIT Program/Faculty; Extension Coordinator; Office of the Budget; Administration Services
